## **Field Supervisor Job Description Farmers Mutual Hail Insurance Company of Iowa**

Farmers Mutual Hail Insurance Company of Iowa currently has a field supervisor position available in the state of Michigan. Field supervisors are assigned to territories that are made up of several counties within a state as designated by the company. The position requires residency within the assigned territory, as well as extensive travel throughout the territory to effectively manage the workload.

The duties and responsibilities of a field supervisor include, but are not limited to, appointing and/or motivating the agents that write business in their territory and hiring, educating, and supervising adjusters that will work claims generated in their territory. The field supervisor will manage all field aspects of the claims process in his/her territory.

Familiarity with agriculture and crop insurance are helpful in this position, as well as strong computer, organizational, and interpersonal communication skills.

Applicants should send their qualifications and resume to:

Ty Kumler  
P.O. Box 269  
Hamilton, IN 46742-0269
