### **About Grand Hotel and Mackinac Island**

Grand Hotel is a world renowned, family owned summer resort hotel. We are located on Mackinac Island in the Straits of Mackinac at the northern tip of Michigan. Grand Hotel takes great pride in providing the best possible playing conditions on The Jewel. The Grand (front 9) was established in 1911 and provides challenging shots and incredible views of Lake Huron while The Woods (back 9) was built in 1995 and challenges the golfer to narrow, tree-lined fairways, large rolling greens and impressive views of the Mackinac Bridge.

The island is a well-known tourists destination, attracting hundreds of thousands tourists each year. No motor vehicles are allowed on the island. The only transportation is by horse-drawn carriage, bikes or walking. 82% of the island is State Park with 70 miles of hiking and biking trails. The summer temperatures are a mild upper 70's with nighttime temperatures almost always in the low 60's.
