Garden City is an exclusive 18 hole, private facility, originally designed in 1899 by Devereux Emmet and revisions later by Walter Travis. Garden City Golf Club is constantly ranked by Golf Digest in the top 100. We have many capital improvement projects planned including course renovations, new maintenance facility scheduled for fall of 2010, and currently installing a new irrigation system. A student intern will be exposed to all aspects of golf course maintenance.
