POSITION: **GOLF CONSTRUCTION / IRRIGATION SUPERINTENDENT**

National Golf Course Construction company is seeking qualified individuals holding practical work experience or educational instruction that will allow the individual to manage large scale construction and irrigation projects.

Applicant must have management skills necessary to direct and deal with the challenges of operating a construction project on a daily basis. Applicant must have the ability to comprehend construction plans and specifications, layout and knowledge to make sound field decisions as needed. Applicant must be able to record daily work progress, manage material inventories, and ability to record the installation progress digitally in the form of as-built record drawings. Great communication skills are necessary to represent the company effectively when interacting with customers, architects, consultants and other industry professionals.

Candidate must hold a valid driver's license with the ability and willingness to travel to perform this position. Salary is commensurate with experience and qualifications. Company provided benefits in the form of a major health plan, access to individual retirement account and paid vacation time are available. In addition relocation expenses and temporary housing assistance are available.

Positions are currently available in: East Dubuque, Illinois
Sarasota, Florida
