

University of Wisconsin-Stevens Point POSITION ANNOUNCEMENT NO.

Position: Assistant or Associate Professor of Soil Science and Waste Management

Position Description: The College of Natural Resources has a fulltime, tenure track, academic year teaching (100%) position available in the Soil and Waste Resources Discipline. We are seeking an individual with a proven record as a successful undergraduate teacher to teach courses in Soil Chemistry, Soil Fertility/Nutrient Management and contribute to courses in Waste Management. Assisting with or teaching other courses within the College of Natural Resources may be required. Additional teaching (3 weeks) in our summer field program is expected when needed. Other duties include undergraduate and graduate advising, contribution to college and university governance. Faculty are expected to accomplish a record of scholarly achievement in their field of interest to complement teaching responsibilities. Opportunities exist for collaboration in research and outreach with a variety of centers within the college.

Description: The Soil and Waste Resources Discipline is in the College of Natural Resources, University of Wisconsin at Stevens Point (www.cnr.uwsp.edu) which offers premier undergraduate natural resources programs emphasizing sustainability and integrated resource management. It has approximately 1400 undergraduate majors, 120 graduate students, and over 100 faculty and staff. The Soils and Waste Resources program has on average 90 undergraduate majors and 190 undergraduate minors. The University of Wisconsin at Stevens Point is a comprehensive regional university with 8,400 undergraduate and 400 graduate students. Stevens Point, a pleasant college community with a population of 25,000, is midway between Milwaukee and Minneapolis near the center of the state. The area offers a wide range of cultural, shopping and outdoor recreational opportunities.

Qualifications: A Ph.D. in Soil Science or related field is required. Preference will be given to candidates with undergraduate teaching experience emphasizing soil chemistry and waste management. Experience in working with state, federal, county or tribal agencies is desirable. Experience in and a desire to work with diverse populations of learners and stakeholders is also desirable.

Appointment Date: Fall semester 2009 (preferred); however applicants who are available by January 2010 will be considered

Terms of Employment: Assistant or Associate Professor in Soil and Waste Resources, tenure track, full-time, academic year appointment (9 months). Salary is commensurate with education and professional experience.

Application Procedure: Send hard copies of an application letter, a resume, and official transcripts of academic background, 3 letters of reference, a statement of teaching philosophy and a statement of scholarly interest to: Stacey Allen-Bannach, College of Natural Resources, University of Wisconsin-Stevens Point, Stevens Point, Wisconsin 54481.

Deadline: Screening of applicants will begin on April 1, 2009. The search to fill the position will continue until the position is filled. For more information contact Dr. Steve Levine at 715-346-3704, Email: slevine@uwsp.edu

The University of Wisconsin - Stevens Point is an Affirmative Action/Equal Opportunity Employer. Women, minorities, Vietnam era veterans, disabled veterans, and individuals with disabilities are encouraged to apply.

Under a court approved settlement agreement and Wisconsin Statutes, we are required to provide a list of all nominees and applicants who have not requested in writing (addressed to the UWSP Equity & Affirmative Action Office) that their identity not be revealed. Persons agreeing to be final candidates will have their identity revealed as a final candidate.
